# About Us

## Girls First

Girls First provides a safe, stable environment where students practice respect for self and others, exercise appropriate interactions with peers and adults, discover new skills and talents, and develop tools that will allow them to achieve greater success in school and beyond. Girls First is a nonprofit, tuition-free after school program for elementary school girls in grades one through four serving families in Norristown, Chester, and Philadelphia.

## The Challenge

In order to have the longest-lasting and most sustainable impact on the lives of our girls and their families, we developed a replicable, trauma-informed, arts-based curriculum focused on building resilience and perseverance while cultivating empathy, agency, and efficacy. Girls First is committed to helping mitigate adversity-related student behaviors that create barriers to successful classroom learning.

## Mission Alignment

The mission of Girls First is to build character, instill a positive sense of self, and provide tangible life skills through a creative curriculum of arts exploration, academic reinforcement, and emotional learning.

We directly align with any mission that seeks to help children learn, grow, and reach their full potential, offering new learning opportunities that help students do better in school and in life.
