

# 2022-23 PROGRAM YEAR SNAPSHOT

We encourage participation to maximize the benefits of programming.

86% of students attended the after school program each program day

**2,124 Total Meals Served**

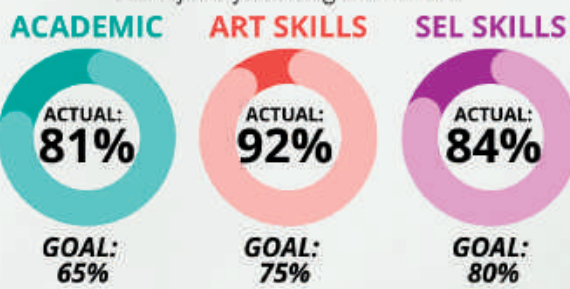

Plus 105 hours with on-site Chef & Nutritionist

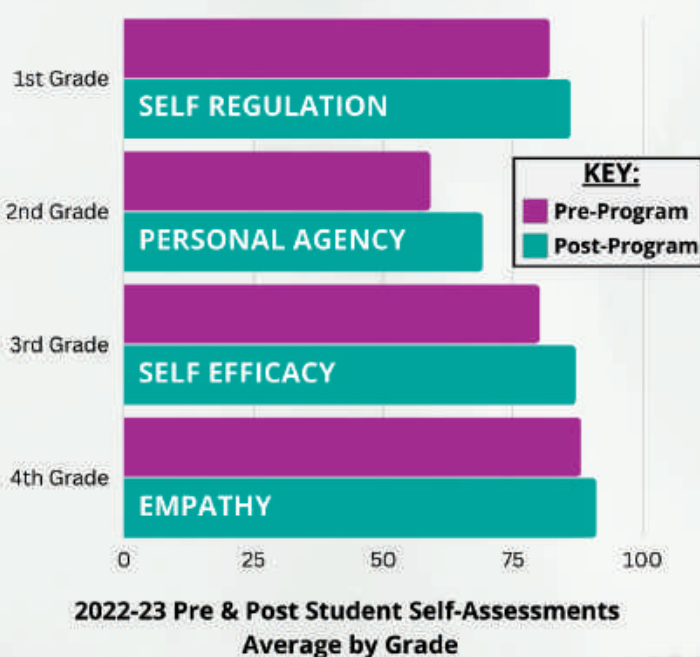

We help students develop the skills they need to make more positive choices for themselves, show greater respect and kindness for others, and communicate more effectively for increased understanding overall.

Students demonstrated proficient to advanced use of the following skill areas:

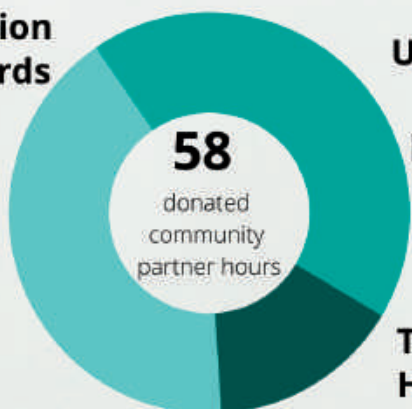

## Change in Social Emotional Understanding

We prioritize social and emotional skill building through creative explorations to forge stronger pathways for academic learning.

Rotation Records

Drexel University STEAM program

Theatre Horizon

Girls First Students created two original songs, devised an original play, visited a recording studio, and toured Drexel University's College of Medicine.

*"The most important thing that I learned at Girls First this year was to be **caring** and **responsible**."*

- Bryanna, 2nd Grade
